Introducing YOUR 2014/2015 Catholic School Council

Welcome to all our NEW CSC members. We look forward to continuing our mission and vision, and to serve the St. John Paul II Catholic Elementary School community.

Stay Connected with your CSC

Based on feedback received through the Parent Engagement Survey, we've created a SJPII Catholic School Council email to provide direct access and better communication between you and the CSC members. Our email address is SJPIICSC@gmail.com. Please take a few moments to send us a quick email to be added to the mailing list. We do ask that any correspondence is directly related to the activities and mandate of the CSC only. Remember, all parents are welcome to attend the CSC monthly meetings. Meeting dates and times are listed on the school website. Our next meeting will be TUESDAY, OCTOBER 14, 2014 at 6pm.

Fundraising Campaign...Coming Soon!

We will be launching our annual fundraising campaign very shortly. Based on the suggestions received through the Parent Engagement Survey, this year's fundraising campaign will feature products from Norcard. More details will be sent home with our students during the week of October 6.

Our Children's Safety is #1

Every parent sends their child to school each day, expecting every possible safety precaution is taken to ensure the security and wellbeing of our children. This responsibility belongs not only to the staff at SJPII, but to everyone in our community. This includes parents and other visitors who attend the school premises. We are, of course "a community", however please remember that our school facility is not a public access building. A number of safety measures are in place to ensure that unauthorized individuals are not permitted to enter the school and playground; this includes all visitors and parents. We remind all those who need to attend the school, to check into the Office before accessing any other part of the building, and remember that parents are not permitted on the school playground. The CSC is in full support of all safety measures currently in place and encourages all parents to adhere to any and all security precautions.
